

DOLPHIN SLIDE WITH BASKETBALL

Instructions

Maintenance:

- Before each use, do make sure all the fasteners are firmly tightened and all the parts are securely fastened.
- Always wipe the product with a plane, dry cloth regularly and avoid using harsh chemicals

Caution:

- The product must be assembled by an adult only. Keep all the parts out of the reach of kids until the product is fully assembled.
- Always sit upright and go down feet first on the slide. Also, abstain from jumping off the slide seat.
- Packaging materials are not safe to play with and should be kept away from kids.
- Always place the product on an even surface. Using it on a rough surface can make it unsteady and may cause injuries.
- Adult supervision is recommended when kids are using this product.

Warnings:

- Always assemble on a non-abrasive surface, ideally a carpet, to avoid scratches and make sure there are no sharp objects placed nearby.
- Avoid over-tightening the nuts as it may cause damage to the parts.

Assembly Instructions

Required Assembly Parts

Big Slide x 1

Small Slide x 1

Key x 1

Small Nut x 6

Handrail x 2
(LHS & RHS)

Before starting the assembly, lay out a carpet on the floor to avoid scratches.

Take the big slide and one handrail. Big slide features 4 threaded pins on its each side - one big threaded pin and three small ones.

Align the three small threaded pins on one of the sides of the big slide with holes on the left handrail. Push the left handrail towards the big slide, allowing the three small threaded pins to pass through the holes.

Do make sure the handrail is placed correctly, following the orientation as shown in the image above.

CAUTION

Do not overtighten the nuts. Tighten only until secure.

Take three small nuts, put one each on the three small threaded pins protruding from the side handrail as shown in the image and tighten with the key provided in the packaging.

Take the small slide and align the pin on one of its sides with the circular groove on the inner side of the handrail. Push the small slide towards the handrail, sliding the pin into the groove.

Attach the right handrail into place with three small nuts as shown in the image.

CAUTION

Do not overtighten the nuts. Tighten only until secure.
