

ZOO BUDDY SINGLE WITH LID

Instructions

Maintenance:

- Before each use, ascertain that all the fasteners are firmly tightened and all the parts are securely fastened.
- Always wipe the product with a plain, dry cloth regularly and avoid using harsh chemicals.

Caution:

- The product must be assembled by an adult only. Keep all the parts out of the reach of kids until the product is fully assembled.
- Always place the product on an even surface. Using it on concrete or a rough surface can make it unsteady and may cause injuries.
- Packaging materials are not safe to play with and should be kept away from kids.
- Adult supervision is recommended when kids are using this product.

Warnings:

- Always assemble on a non-abrasive surface, ideally a carpet, to avoid scratches and make sure there are no sharp objects placed nearby.
- Avoid over-tightening the fasteners as it may cause damage to the parts.

STEP

Assembly Instructions

Required Assembly Parts

Side Panel x 1

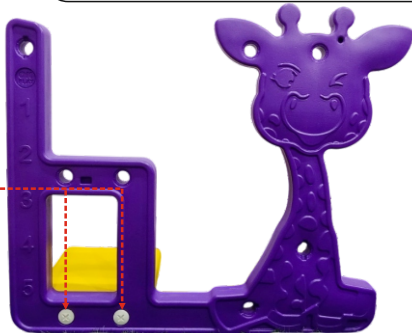

Seat x 2

Key x 1

Medium Nut x 4

Before starting the assembly, lay out a carpet on the floor to avoid scratches.

Take a side panel and a seat from the packaging. Align the threaded pins on one of the shorter edges of the seat with the designated slots on the side panel. Push the seat sideways, sliding its threaded pins through the slots. Put a medium nut onto the end of each pin and tighten the nuts with the key provided in the packaging.

Position and secure the other seat to the side panel with two medium nuts at the position as shown in the image above.

Model No: ZBSWL_1

3+ YEARS

Scan to Connect

Before starting the assembly, please ensure that the part quantity matches the numbers listed in the manual. If you find any discrepancies in the part count or encounter any product-related issues, feel free to reach out to us at +918221001033 or connect with us via WhatsApp in between 9:30-6PM, Monday to Saturday. We're here to assist you!

2 STEP

Required Assembly Parts

Subassembly (Step 1)

Support Bar x 3

Key x 1

Medium Nut x 3

Take a support bar from the packaging and attach it to the subassembly (step 1) with a medium nut as shown in the image above.

Note: Before securing, make sure the rough surface of the support bar is oriented towards the back and the curved edge towards the top.

Position and fasten a support bar to the subassembly with a medium nut as shown in the image above.

Note: Before fastening, make sure the smooth surface of the support bar is facing upwards and the curved edge is pointing forward.

Secure the remaining support bar to the subassembly with a medium nut as shown in the image.

Note: Before tightening the nut, make sure the smooth surface of the support bar is oriented towards the front.

3 STEP

Required Assembly Parts

Subassembly (Step 2)

Table Top x 1

Lid x 1

Side Panel x 1

Key x 1

Medium Nut x 11

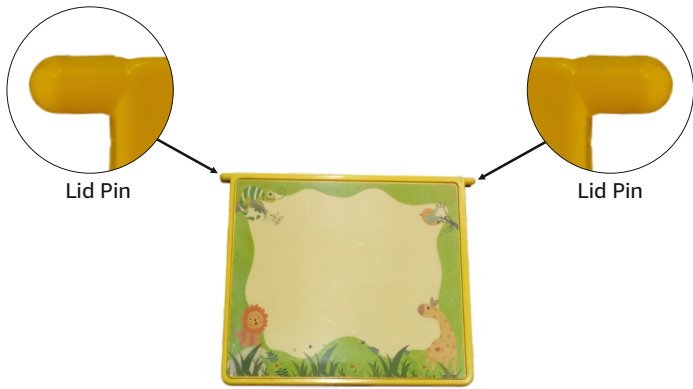

Table Top side with rectangular indentation oriented towards the front

Take the table top from the packaging, align the two pins on one of its longer edges with the corresponding slots on the side panel of the subassembly (step 2) and secure them together (step 2) with two medium nuts.

Note: Make sure the table top is positioned correctly with its side with rectangular indentation oriented towards the front.

Take a lid from the packaging and place it over the table top ensuring that one of the lid pins enter into the designated hole on the side panel.
Note: While placing the lid over the table top, make sure the lid edge with pins is oriented towards the front.

Take the other side panel and fasten it to the subassembly with nine medium nuts.

Note: Before tightening the medium nuts, make sure that the other lid pin is properly inserted into the designated hole on the side panel.

Your Zoo Buddy Single With Lid is now ready for use! It's time to unlock your creative side!
